FURTHER INFORMATION:

Pupils at The Vale Primary School are currently involved in a project that is comparing ‘New’ cars with ‘Older’ Cars. Whilst the teachers and staff have a number of ‘Newer’ cars that they can show their pupils, they are naturally somewhat at a loss as to how they can demonstrate ‘Older’ cars to them. For this reason, the staff at the school have approached us to ask if we might bring along a few such ‘Older’ cars so that they can look at them and compare the differences.

It is a wonderful, practical, idea that will enable the pupils to gain an insight in to how the motor industry has changed, and of course how it continues to do so.

If you are able to spare a few hours for them, we are sure that they will have a lasting love of the beauty and majesty of our ‘Older’ cars.
